## FROM MR. HIGHBAUGH & MS. LAVENDER

I hope you all had an amazing week and that your students felt they were loved and learned each day. There is no better feeling I get as a dad than to hear my daughters pray at night that they are thankful for their school, their teachers, and their classmates. Our teachers answer a calling that God has placed in their lives each day as they interact with your students and reveal God's presence. I had an opportunity to attend a conference in Atlanta earlier this week and I was just reminded of the amazing work God is doing at our school as we focus on Kingdom work. Each of your children we treat as our own, and there is no greater opportunity that we face than to help establish a personal relationship with Christ in each of your students. Thank you for partnering with us to reinforce this in those daily conversations you have with your children. Let's all intentionally make this a great week, the choice is yours!

# CAMPUS NEWS & INFORMATION

## PS Next Great Adventure

This week we kicked off a series of transitional conversations with our preschool families about the 23-24 school year. We are excited to continue these opportunities in the weeks leading up to Christmas break. Please look for more information in your PS teacher newsletters in the coming weeks.

## Parents in Prayer

Join us each Thursday morning at 8:30AM in the 3rd-5th Grade Library. If you cannot attend, please keep these items in your prayers:

- Praise God for the many ways in which He sustains us each day.
- Pray that our children will have appropriate self-esteem, rooted in the knowledge that we are all God's creation.
- Pray that our children will be able to focus on their work and concentrate on their assignments, so they may achieve their potential.
- Pray that our teachers, staff, and administrators will know that they are appreciated and that we will find ways each week to encourage them.

# STUDENT AMBASSADOR HIGHLIGHT

Four 5th grade students serve as Student Ambassadors for our school. We will highlight one over the next several months for some of the amazing ways they represent our school.

Dallas Clark – Teachers shared that Dallas is an excellent student who always gives 110%! He is a leader to his peers and finds joy in serving others. You can always count on Dallas to do what needs to be done joyfully. He is a great example of how Eagles ROCK! He is respectful, obedient, has courage, and is

kind. Even in kindergarten, Dallas was a class leader who followed directions and quietly helped others by being a great example. We are so excited to have Dallas representing our Eagle family!

## SPECIALS HIGHLIGHT

In this week's faculty spotlight, we are learning about some fun things going on in our Computer Lab.

**Kindergarten** is continuing to work on their mouse and keyboard skills through activities on our curriculum website. They are doing a great job of figuring out how computers work.

**1st grade** is working on math and reading through computer activities and games. They are working on their mouse and keyboard skills while exploring math and reading concepts.

**2nd and 3rd grade** are starting their *Typing Olympics* this week! All the kids are really excited to get *Typing Olympics* underway. I can't wait to see how their typing skills develop over the next five weeks.

**4th and 5th grade** classes are coming to the computer lab frequently with their teachers to work on typing. I am really enjoying getting to see those kids as well.

If any students are interested in working on their typing skills at home or accessing some of the activities and games that we work on in class, they can do so through my class website:
