FROM MR. HIGHBAUGH & MS. LAVENDER

We enjoyed one of our most rich and full weeks of the school year this past week as so many amazing partnerships were taking place at our campus. We celebrated dads, teachers, new families, and our Veterans through breakfasts, open houses, and chapels. What an amazing picture of community it was to see how our LCA family came alive in all its different facets to recognize these different groups of people for the way they impact our students. I am particularly thankful to Mr. Barnhart and Mrs. Straub for organizing our chapels on Friday. It was great to see our students and parents sharing their appreciation for our Veterans through songs, stories, and personal connections. I have a nearly 97-year-old grandfather, Otis Highbaugh, who served in the Navy during WWII, and am so thankful for the sacrifice that men and women in our armed forces have made. Thank you!

Let's choose to make this last week before Thanksgiving Break a great one!

SPECIALS HIGHLIGHT

In this week's faculty spotlight, we are learning about some fun things going on in PE!

Our students have been working hard in PE class and we are so proud of the progress they continue to make! We just finished up our soccer unit with a variety of game play. Students in preschool through kindergarten were introduced to dribbling and shooting skills. Students in first through fifth grades practiced their dribbling, shooting, and passing skills. Moving on to our next unit, we introduced throwing this week. Our preschool, transitional kindergarten, and kindergarten students are focusing upon their rolling and underhand tossing skills while our first through fifth grade students will be developing the overhand throw. We are looking forward to this unit and all the fun games we will play in class!
